Jinx's life is a series of unfortunate events. She's always losing things, getting into accidents, and being the victim of pranks. But when she meets Rex, a boy who seems to be just as unlucky as she is, she starts to think that maybe her bad luck is contagious.

As Jinx and Rex spend more time together, they start to realize that they have a lot in common. They're both kind, funny, and intelligent. They also both have a lot of bad luck. But instead of letting their bad luck get them down, they decide to embrace it.

Jinx and Rex start a support group for other unlucky people. They call it the Jinxed Club. The club gives them a sense of community and belonging. It also helps them to realize that they're not alone in their bad luck.

As Jinx and Rex get to know each other better, they start to develop feelings for each other. But they're both afraid to admit their feelings because they don't want to jinx their relationship.

Will Jinx and Rex be able to overcome their bad luck and find happiness together? Read Jinx to find out!
