The Gathering Storm

In the spring of 1865, as Union forces under General William Tecumseh Sherman marched relentlessly towards Georgia, the fate of the Confederacy hung in the balance. Northeast Georgia, a rugged and mountainous region, became a refuge for Confederate soldiers and civilians alike.

Confederate General Joseph Johnston rallied his dwindling forces and prepared to defend the approaches to Atlanta, the Confederacy's vital

industrial hub. However, Sherman's superior numbers and tactics proved overwhelming, and Atlanta fell on September 2, 1864.

Sherman's March to the Sea

With Atlanta in Union hands, Sherman embarked on his infamous "March to the Sea," a brutal campaign of destruction and devastation. His army cut a swath through Georgia, burning homes, farms, and entire towns, leaving a trail of ruin in its wake.

As Sherman's army approached Northeast Georgia, Confederate forces desperately attempted to slow its advance. However, they were outmatched and outgunned, and the Union juggernaut rolled forward relentlessly.

The Final Days

By the end of April 1865, the Confederate Army had been shattered. General Robert E. Lee surrendered at Appomattox Court House, effectively ending the war. However, in Northeast Georgia, Confederate units held out stubbornly, refusing to give up hope.

In a series of desperate skirmishes and engagements, Confederate soldiers fought bravely against overwhelming odds. However, as Union forces closed in from all sides, the Confederacy's grip on Northeast Georgia finally crumbled.
